A new way of presenting statistics?

Some examples
Breast Cancer

Survival has increased by more than 50% since 1971

<table>
<thead>
<tr>
<th>Year</th>
<th>Survival Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>2011</td>
<td>84%</td>
</tr>
<tr>
<td>1971</td>
<td>54%</td>
</tr>
</tbody>
</table>

Incidence rates per 100,000 women in 2011
- 125 women
  - This amounts to an increase of 89% between 1971 - 2011

Mortality rates per 100,000 women in 2011
- 24 women
  - This amounts to a decrease of 38% between 1971 - 2011

Breast cancer accounts for 31% of cancers in women, making it the most common cancer among women in England

Registrations of newly diagnosed cases of breast cancer by age group, females, England, 2011

Office for National Statistics
THE DIFFERENCE IN AGE GROUPS

16-24 yr olds
- Male: 5%
- Female: 2%

25-44 yr olds
- Male: 9%
- Female: 5%

45-64 yr olds
- Male: 18%
- Female: 11%

65+ yr olds
- Male: 23%
- Female: 14%

Office for National Statistics
Surviving to age 100*
CHANCES OF SURVIVING TO AGE 100 IN 2013

1 in 3 babies born in the UK today are expected to celebrate their 100th birthday.

COHORT LIFE EXPECTANCY FOR THOSE BORN IN 2013

Average age for men: 90.7 years
Average age for women: 94.0 years

NUMBER OF PEOPLE REACHING THEIR 100th BIRTHDAY (PRINCIPAL PROJECTION)

At every age, females have more chance of reaching their 100th birthdays than men.

VARIATIONS IN PROJECTED SURVIVAL

Low
Principal
High

Males reaching age 100 in 2113
There could be as many as 259k or as few as 16k

Females reaching age 100 in 2113
There could be as many as 271k or as few as 31k

REASONS FOR BETTER SURVIVAL RATES

Smoking prevalence
Lower levels of smokers preventing early deaths

Medical interventions
Improved survival from heart disease, stroke and cancer

Healthy diet and lifestyle
Helps to reduce levels of illness

*All figures are cohort which allows for projected improvements in mortality

Number of visits to UK: by country of residence and spending in 2013

There were 32.8m visits to the UK in 2013, a 5.6% increase since 2012. Over the same year, spending by overseas visitors increased by 12.7% to £21bn.

Number of visitors to UK (Thousand)

Europe
- France (10,360)
- Germany (11,621)
- Spain (7,304)
- Italy (5,956)
- Ireland (1,327)
- Belgium (1,188)
- Australia (1,079)
- Norway (859)
- Switzerland (816)
- Sweden (794)
- Canada (651)
- Denmark (203)
- Other Asia (537)
- Rest of Europe (457)

Asia
- United States (10,914)
- China (9,798)
- India (9,286)
- Czech Republic (9,083)
- Portugal (9,059)
- Hungary (6,245)
- Austria (2,759)
- United Arab Emirates (2,619)
- Brazil (2,072)
- Other Central Asia (1,486)
- China Excl Hong Kong (2,314)
- South Africa (2,424)
- Japan (2,212)
- Finland (2,196)
- Russia (2,115)
- Lithuania (2,056)
- Greece (1,709)
- New Zealand (1,664)
- Hong Kong (1,663)
- Israel (1,658)
- Turkey (1,543)
- Nigeria (1,543)
- Slovakia (1,468)
- Other Africa (1,465)
- Bulgaria (1,249)
- Cyprus (1,229)
- Mexico (1,098)
- Luxembourg (923)
- Malta (849)
- Thailand (754)
- Other Caribbean (609)
- Pakistan (533)
- Egypt (481)

Notes:
1. Data disclosed refers to all visits, for all purposes, to the UK by overseas residents during 2013.
2. Data is shown for the top 50 countries or regions in terms of numbers of visitors to the UK in 2013.

Source: International Passenger Survey, Overseas Travel and Tourism.
In 2018, cancer was the most common broad cause of death (29% of all deaths registered) followed by circulatory diseases, such as heart disease and strokes (28%). For males, cancer was the most common broad cause of death, while for females it was circulatory diseases.
**Immigration and immigrants, 2014**

**How many have an immigrant background?**

759,185 persons have an immigrant background, of which 633,100 are immigrants.

126,075 are Norwegian-born to immigrant parents.

**Share of total population**

Out of a total population of 5.1 million, 14.9% have an immigrant background, made up of:

12.4% Immigrants

2.5% Norwegian-born to immigrant parents

**What is the annual migration?**

Foreign citizens, 1970-2013

- 66,934 Immigration
- 25,036 Emigration
- 41,898 Net migration (2013)

**Top twenty countries**

Top twenty countries for immigrants and children born to immigrants.

**Age distribution**

No. of persons per 1-year age groups

**Reasons for immigration**

Among non-Nordic immigrants, 1990-2013

- Education: 10.5%
- Family: 36.4%
- Labour: 32.5%
- Refuge: 19.5%
