Presented by
Dr. Mohamed Ahmed Zaid
General Manager of ITT Department
Member of Examination Committee
OIC-CPOS
The eight "Millennium Development Goals" (MDGs) represents the mainstay for “Post-2015 Development Agenda" (SDGs). After the United Nations Millennium Declaration signed by 189 nations, a group of goals and objectives had been defined with timeframe to help tracking progress achieved towards the fulfillment of such commitments, at the forefront of those was “End poverty in all its forms everywhere".
The 65th Annual UN DPI/NGO Conference titled '2015 and Beyond: Our Action Agenda, organized by the UN Department of Public Information and the NGO/DPI Executive Committee, started on August 27, 2011, to develop an action plan to mobilize and support partnerships before starting intergovernmental negotiations in the 69th session of UN General Assembly to adopt the post-2015 development agenda.
In June 2012, Heads of State and Government and high-level representatives, having met at Rio de Janeiro, Brazil, with the full participation of civil society, NGOs, private sector and other groups had met in United Nations Conference on Sustainable Development, Rio+20.
MDGs to SDGs

Sustainable Development GOALS

1. No Poverty
2. Zero Hunger
3. Good Health and Well-Being
4. Quality Education
5. Gender Equality
6. Clean Energy
7. Affordable and Clean Energy
8. Decent Work and Economic Growth
9. Industry, Innovation, and Infrastructure
10. Reduced Inequalities
11. Sustainable Cities and Communities
12. Responsible Consumption and Production
13. Climate Action
14. Life Below Water
15. Life on Land
16. Peace, Justice, and Strong Institutions
17. Partnerships for the Goals
GOAL 17

STRENGTHEN THE MEANS OF IMPLEMENTATION AND REVITALIZE THE GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

SUSTAINABLE DEVELOPMENT GOALS
More at sustainabledevelopment.un.org/sdgsproposal
The Member States conducted an initial assessment of the proposed goals and targets to define the (feasibility, suitability and relevance) according to three-Tier evaluation system.

**SDGs evaluation Tiers**

**Tier 1**
Established methodology exists and data are already widely available

**Tier 2**
Methodology has been established but for which data are not easily available

**Tier 3**
Internationally agreed methodology has not yet been developed
Initial assessment results according to Tier system

CAPMAS participation in IAEG-SDGs meetings

**March 2015**
IAEG-SDGs Establishment of IAEG

**Second Meeting**
Bangkok Oct, 2015

**Third Meeting**
Mexico March-April 2016

**First Meetings**
New York June 2015

Preparatory Work
Efforts exerted by the CAPMAS

- Studying SDGs for example (identifying the agency responsible for the data – determine data source – knowing the institutional arrangements, if any, identifying metadata;......etc. )
- Determine classifications required (by sex, age, place of residence, ...) and its availability.
- Identifying the needs from additional resources and external aid in the form of support capacity building for employees and conducting Multiple Indicator Cluster Surveys
Efforts exerted by the CAPMAS

CAPMAS assessment of SDGs according to Tier evaluation

- Tier 1: 41% (methodology exists and data available)
- Tier 2: 35% (methodology has been established but data are not easily available)
- Tier 3: 24% (internationally agreed methodology has not yet been developed)
Current assessment of SDGs

- **Partially Available**: 41%
- **Inapplicable**: 2%
- **Descriptive**: 6%
- **Under Verification**: 12%
- **Not defined**: 6%
- **No Methodology No Data**: 22%
- **Unavailable**: 20%
Challenges facing monitoring and measuring the status quo and progress achieved:

- Create better partnerships with stakeholders.
- Gaps relating to the production of indicators.
- Provision of financial resources.
- Use of administrative records.
- Implementation of the national strategy for the development of the statistical system.
Thank You For Listening
