SECOND WORKSHOP ON MONITORING FOOD SECURITY IN THE CONTEXT OF 2030 SUSTAINABLE DEVELOPMENT AGENDA

14-15 NOVEMBER 2017  ANKARA, TURKEY

TRACKING FOOD SECURITY IN EGYPT
IMPORTANCE & CHALLENGES

Mrs. Rehab AboKahla
Central Agency For Public Mobilization & Statistics
C.A.P.M.A.S
Contents

- Food security dimensions
- Elements affect food security
- Food Security Problems
- Charts
- Recommendation for Food Security
1- Food security dimensions

1. Physical availability of food

2. Economic and physical access to food

3. Food utilization

4. Stability of the other three dimensions over time
2- Elements affect food security

- Advocacy, awareness, information
- Regional factors
- Political Agenda
- Legislations and Institutions
- Export levels
- Supply chain
- Water conservation
- Food safety measures/quality standards
- Farming Cooperatives
- Up-to-date practices
- Energy
- Subsidy policies
- Dietary practices/malnutrition
- Global Trends
3-Food Security Problems

- Self-Sufficiency
- High losses
- Low cereal production
- Changing food habits

5-Recommendation for Food Security in Egypt

Implement an awareness campaign to reduce food waste and losses.

Take the necessary actions to reverse the deteriorating state of agricultural resources and maintain their bio-capacity to regenerate their services and contribution to food security.

Allocate more investment in agricultural scientific research and development programs.
