Training Course on Development of Dissemination Methods

Kuwait

11-13 December 2017

Plan

- Purpose and process
- Publication selection
- Reviewed international publications
- Planned studies

Purpose

- Have an understanding of the presence of Turkey's data in international publications

Process

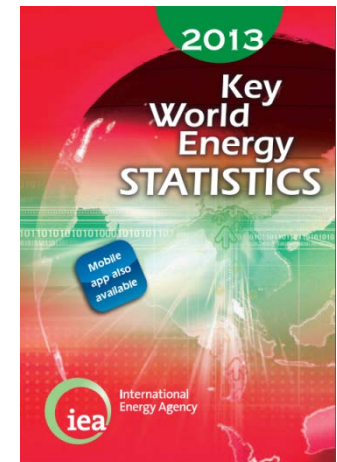

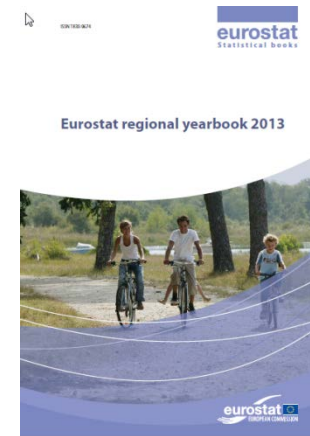

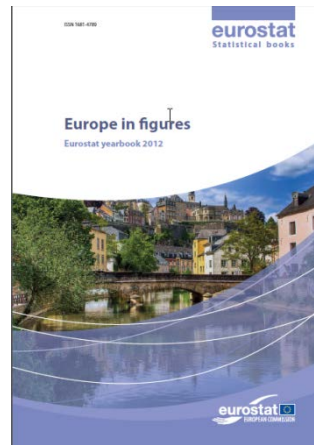

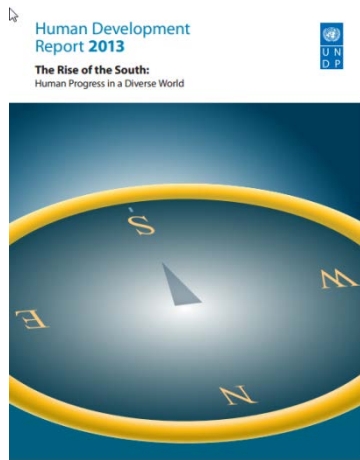

- Selection of International Publications
- Analysis of the indicators in the publications (in cooperation with subject-matter units)

Publication Selection

- The publications in which Turkey's basic economic, social and cultural indicators are included
- United Nations, OECD and Eurostat's major annual general release books (Yearbook) and the World Bank's development indicators and reports
- Some special publications in which the indicators are considered to be important for Turkey

Reviewed International Publications

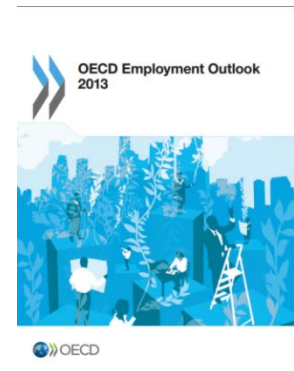

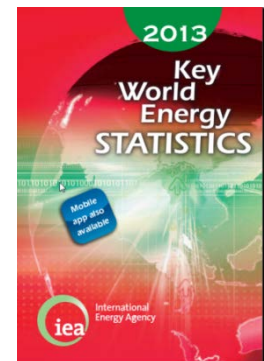

Selected Publications

- Eurostat Yearbook
- Eurostat Regional Yearbook
- UN Statistical Yearbook
- UN Human Development Report
- UN World Statistics Pocketbook
- OECD Factbook
- OECD in Figures
- IEA Key World Energy Statistics
- WB World Development Indicators

• Eurostat	9	13	
• United Nations	8	8	
• OECD	43	-	12
• International Energy Agency		-	2
• World Bank		2	1
Total	51	19	36

Publication Review of International Organizations

	2012		2014	
	Number	Ratio	Number	Ratio
Number of researched publication	19	-	36	-
Number of table in the publications	1 071	-	3 633	-
Turkey in publications not related to the number of tables	332	-	2 597	-
Number of tables should be Turkey data in the publications	739	100,0	1 036	100,0
Number of data tables for Turkey is full available	399	54,0	628	60,6
Number of data tables for Turkey is partly available	169	22,9	287	27,7
Number of data tables for Turkey is not available	171	23,1	121	11,7

- In 2012, while 54 % of the data is full available data and it was 60 % in 2014
- Ratio for “full available data” is increased by 6 %, moreover the ratio for “not available data” is decreased by 11.4 %

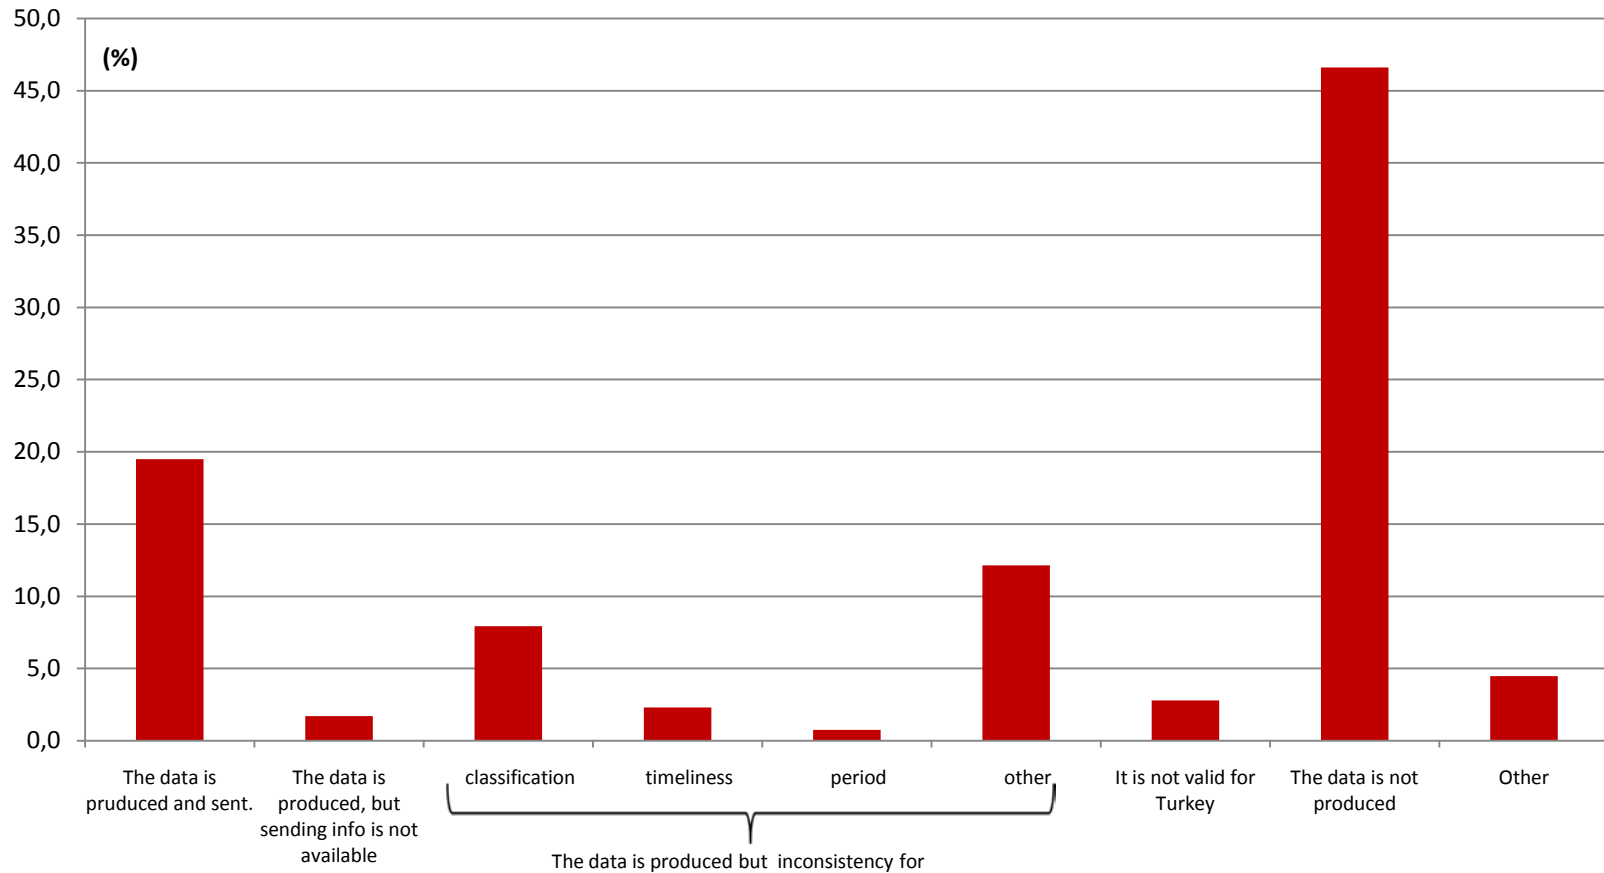

Publication Review of International Organizations

- 3633 tables reviewed in 36 publications in 2014
- 1036 tables were about Turkey
 - %60.6 “full available” (628 tables)
 - %27.7 “partly available” (287 tables)
 - %11.7 “not available” (21 tables)

Status of Data

Planned Studies

- Same study is planned on a regular basis every two years
- The questionnaire sent by international organizations in which Turkey's data is not available will be identified
- The studies will be carried out by subject-matter units for the data that is not produced yet
- The studies will be carried out by subject-matter units to ensure the consistency of classification, periodicity and timeliness
